El Pueblo de Abiquiu Library & Cultural Center strives to impact lives through the power of community, cultural traditions, imagination, and collaboration. As Abiquiu's primary source for educational, historical, and cultural information, we work to inspire and cultivate learning, advance knowledge, and nurture and strengthen our far reaching community.

NORTHERN YOUTH PROJECT
SUPPORTING THE DREAMS OF NORTHERN NEW MEXICO TEENS

The Northern Youth Project works to improve the outcomes for rural northern New Mexico youth through Art, Agriculture, Community Service, and Leadership projects that honor the past and look to the future.

Honoring the rich multicultural history of the Genizaro Abiquiu Pueblo

Abiquiu means "wild chokecherry place" in the Tewa language and the word "Genizaro" has Turkish origins meaning a captive slave. This refers to the colonial practice of abducting Native Americans and forcing them to work as servant and laborers. Now the Genizaro people of Abiquiu have a profound sense of community and are proud to have lived on the this beautiful land for nearly 300 years.
